No. 6

FRESHMEN MEN ORIENTED

Mr. Jordan Explains Rules

Freshmen Try Their Lungs

Ninety freshmen men gathered in room 303A last Thursday evening to hear Mr. Jordan emphasize a few college rules, customs and attitudes which are pertinent to a beginning student's happy life. The program opened with several accordion numbers played by Alfred Drain, Portage, O., a junior in the local High School. After the boys sang several popular melodies accompanied by the accordion, Mr. Jordan made it plain that every freshman has a right to be comfortable and happy and if he is not, it is perhaps because he has not had sufficient time to make his adjustment. He said his help with that of their instructors and officers of administration was gladly offered them; that their health was guarded by a doctor and a nurse on the campus and that each one should avail themselves of it when needed; that to be a good roomer was an art and one engaging a room should not assume that the whole house including the piano, radio and telephone were theirs. Mr. Jordan dwelt on the responsibilities of their new life and pointed out the need of building up wholesome attitudes toward their study and social life. Four of the new class officers were present and each responded with a short talk.

LANDON WINS CAMPUS VOTE

The presidential straw vote sponsored in assembly last week by the Bee Gee News was our official way of feeling the university's political pulse. We wish again to thank those who cooperated with the staff in taking the vote. The results were:

Landon—513
Roosevelt—325
Lemke—17
Browder—3
Thomas—2

We regret that there were a few chronologically mature infants, who used the time allotted to voting in sailing paper airplanes over the balcony, and writing names of George Washington, Stalin, and B. G. U. personalities on their ballots. If such pranks are the products of their brains as they meet the political problems of today, some party, regardless of who is elected, will be called upon to care for these unfortunates. Luckily their number is not great.

FALCONS WIN AGAIN

PREXY'S SON SPEAKS ON PROBATION

Williams Introduced by Dr. Kohl of Our Social Sc. Dept.

Since President Williams was a bit modest about introducing his son who was the speaker at assembly last Wednesday, Dr. Kohl introduced Mr. Elbert Williams, who spoke on the federal probation courts. Mr. Williams is a specialist in this field in New York City.

Mr. Williams received his masters degree from the social service college of the University of Chicago. He is now connected with the United States Department of Justice Probation Court of the southern section of New York City.

Mr. Williams told many interesting facts about the founding of the probation system, the work done and the methods used. Only those who break federal laws come before this court. They appear in the probation court after they have been tried by the usual court. Here inquiry is made into their backgrounds, work, intelligence, health and prospects for the future. All inquiries are strictly confidential and are made through a social service exchange rather than thru individuals. In this way the sentences are adapted to suit the individual case and does not depend wholly on outward facts.

Wittenberg Defeated 13-0 Score

The Bowling Green State University Falcons chalked up their second victory of the season Saturday as they defeated Wittenberg 13 to 0.

The game played at Springfield, O., was part of a Founders Day program at the Lutheran school.

The Falcons scored a touchdown in the first period on a 14 yard end run by Captain Jim Inman. The other touchdown came in the third period as a result of a pass from Penton to Inman. The first try for the extra point was good, the second unsuccessful.

The B. G. gridders dominated the play throughout the game, constantly keeping Wittenberg in check and they well deserved the victory.

This was the second time in two weeks that the Falcons scored an upset by triumphing over a favored team.

With this victory safely tucked away, the Falcons are now pointing toward the game with Kent U Saturday.

Church Preferences

The Student Body of B. G. S. U. indicate their church preference as follows: Methodist, 308; Lutheran, 113; Presbyterian, 100; Church of Christ, 76; United Brethren, 68; Catholic, 49; Episcopalian, 29. The other churches mentioned each have less than 30.

UNIVERSITY PLANS GALA HALLOWE'EN

Many Prizes Are Offered

In connection with the big Callithumpian on Oct. 30, the University will have a section in the parade. A special prize of \$5 for the largest organized group representing an organization will be given. Another \$5 will be divided in other individual prizes. The group sponsoring this affair asks that everyone be in costume so that as we leave town proceeded by our band, we will all be prepared to assemble at the gymnasium where an old fashioned party by Quill-Type will be held!

Famous Abbeys

Thursday evening Professor Carmichael will give an illustrated lecture to the Y. M. C. A. on "Some Famous Abbeys." The lecture should be quite entertaining and well worth while. Every fellow should turn out to receive the benefit of this talk. Would you have liked to have been a monk? Come and find out.

The membership drive has just been launched. Don't be surprised if someone asks you if you wish to have a card. Four teams have been organized and the campaign should go pretty strong.

CLASS WINNERS TAKE A BOW

Brown, Conrad Tie For Pres.

Rohrbaugh Is Frosh President

As the result of an all-day voting session, the following officers were elected by their respective classes:

Seniors
Bob Brown President
and Cliff Conrad (Tie)
Janet Wood Vice-President
Mary Louise Lane Secretary
Mary Connell Treasurer

Juniors
Dale Kuhlman President
Pauline Harrison Vice-Pres.
Ellen Rudolph Secretary
Virginia L. Powell Treasurer

Sophomores
Kermit Long President
Don McCrory Vice-Pres.
Doris Kerns Secretary
Joyce Herbert Treasurer

Freshmen
Robert Rohrbaugh President
Thurman Smith Vice-Pres.
Lois Newcombe Secretary
James Baltz Social Com.
Malcolm Heber Treasurer

Donald McCrory was elected by the whole student-body as the Editor of the Bee Gee News. The tie for the Senior Presidency will be taken care of at the time the Freshmen elect their Student Council representatives. Also, due to the withdrawal of Annadelle Short from school, the Seniors will elect another representative to the Social Committee.

Student Council had charge of the issuing of petitions, and the polls. A new system of registration was tried and proved very successful. Approximately fifty per cent of the student-body voted.

Home-coming Schedule Is Made

Four representatives of the Student Council met with the Faculty Committee, and drew up tentative plans for Home-coming. Friday night, October 13th, will be the usual all-college and alumni dance sponsored by the Inter-Sorority and Inter-Fraternity Councils. Saturday morning, Nov. 14th, is reserved for various organization breakfasts and luncheons; Saturday afternoon the game with Ohio Northern; and Saturday night an alumni dinner and dance. Watch for further more detailed information.

The Faculty committee is composed of Dr. Zaugg, chairman; Miss Heston, and Professor Holt. The Council representatives are Bob Schuck, chairman; Margaret Zaugg, Frances Woodworth, and Earl Cryer. Any suggestions will be willingly accepted for consideration by this committee.

HARKEN, EMBRYO EDUCATORS

When teacher-training institutions throughout the state graduate students next June, how will candidates be picked to fill vacancies? Someone has said that it is not your college record that counts, but the number of uncles you have on the school board. We regretfully admit that this is true in some of the smaller towns. How do we know when a person is qualified to teach? Education is not a reliable criterion, because another wag has said that education in this field consists of 90 per cent personality, 8 per cent pull and 2 per cent grades.

Superintendents and teacher-training officials in Ohio are confronted by many problems in their attempt to procure a finer type of teachers for the children of our state. An arrangement has been made to hold group discussions for the purpose of working on some of these knotty problems. Ohio educators have submitted a number of suggestions for discussion. Following is a short summary of the list received:

1. Should there be higher

standards for admittance to teacher training institutions?

2. How can high school officials help to select prospective teachers?

3. Teachers should understand how to teach various types of pupils because of individual differences.

4. Why cannot courses in teacher-training effectively combine theory, demonstration and actual classroom teaching?

5. Is the practice-teaching period too short?

6. Beginning teachers complain that actual conditions are so different from those experienced in training schools. What can be done to correct this deficiency?

7. What do superintendents want to know about beginning teachers?

8. Where should a code of teacher ethics be taught?

These are only a few of the problems which will be discussed under the following general topics: Admission of Students to Teacher's Colleges, Placement of Teachers, Training School Facilities, Follow-up Service, Professional Ethics,

Point of View in Education and Integration of Content, Theory and Practice.

There was a time when almost anyone could qualify for the position of school teacher. Leaders in the field of education are endeavoring to build up a set of standards equal to those of any other profession. A memorandum is given below of professional meetings and conferences which will be held for the discussion of some of these problems:

Oct. 23—Bowling Green State University Alumni Luncheon. Northeastern Ohio Teacher's Association, Cleveland.

Oct. 29—Resolutions Committee, Northwestern Ohio Teacher's Association, Toledo.

Oct. 30—"Trends Toward Integration in the Junior High School." The Junior High School Section, Central Ohio Teacher's Association, Columbus.

Nov. 13-14—Conference of Teacher Training Officials, State Department of Education, Columbus.

Nov. 27-28—Western Ohio Superintendent's Round Table, Biltmore Hotel, Dayton.

What About Sleep? . . .

It seems that sleep is a lost art among B. G. U. swains. For weeks University men have tried to dispense with this necessary health habit, forgetting that their health is being imperiled regardless of their belief that it isn't. Students who work nights in Bowling Green factories and try to get an education in the day time are living a paradox.

One marvels at their persistence in this folly. They say it is "necessary". Probably they do need the money, but it is never necessary to ruin one's health. Nothing is worth having if it is at the expense of the most valuable asset one can have.

One of those working told me he had to work or he couldn't get his education. Education (whatever that may be). How much of it is he getting when he sleeps during classes and has no time to study? It is a poor investment to pay tuition and fees to attend classes and then spend them body present and mind in dreamland.

And what does the fair swain do when not in classes or at work? Sleep? Don't be foolish! He despises sleep. It's "smart" to go without it and his girl agrees with him. Yes, the few hours the poor "saps" have for sleep they spend on dates. The girls ought to be whipped for going with such a man—helping him in his folly of health ruining.

These men who say they are physically fit, let them prove it! How long did it take our mighty track team to make the cross country the other Saturday? An atrocious record, but what can one expect when men work nights and keep none of the training rules. No wonder such men are unable to run the course and have to cut off a mile in order to come in at all.

Many schools do not permit students to work while in attendance. Many of our students could not possibly be in school if this were true. But certain regulations could be made as to the amount of work and the hours of work. And if the administration does not see fit to do this, at least the girls could do their part in not keeping the fellows out so late.

Former Student Speaks Here

An excellent discussion of the Flint (Michigan) Community Association was given by John H. Moore (B. G. class of '34) to the Sociology classes of Dr. Kohl, Monday, Oct. 12. He explained the structure, purposes, and methods of the Association to the students briefly and clearly.

Flint, he pointed out, is one of the many cities in the United States which grew at an unhealthily rapid rate. The Association was formed two years ago to correct the defects which sprang out of this growth. It is made up of prominent citizens in various fields. It is their plan to reconstruct the entire city over a period of fifty to one hundred years.

The Association Directors number thirty-six. They appoint a full-time managing director who correlates and directs the four parts: the Chamber of Commerce; Community Fund; the Institute of Allied Arts;

and the Division of Research and Planning. The duties and purposes are self-explanatory, the last is divided into four bureaus: Civic Design, made up of qualified architects and surveyors; Bureau of Health; Bureau of Social Work; and the Bureau of Youth Problems and Recreation.

All the units work together to solve the city's problems of traffic, charity, crime, and commerce. Mr. Moore indicated that a fifth division of the Research and Planning section was thought needed, that of Business and Finance. Furthermore, another board of distinctive residents, he said, was being relied upon to secure the backing of Flint's voters.

Mr. Moore has been helping in the collecting of the basic statistics which the Research and Planning Department needs to carry on its work. His ease of speech spread his enthusiasm to his hearers.

Student Opinion

In an attempt to determine just why students of Bowling Green State University are for or against Roosevelt or Landon, this writer has interviewed at random a number of those who display conspicuously the insignia of the two major political parties. Briefly, here are the opinions of a few:

Herbert Cornish, sophomore, believes that F. D. R. has beaten the depression by means of PWA, NYA, CCC, etc. Mr. Cornish says: "His (F. D. R.) policy has been an attempt to help the working man to obtain a living wage with moderate hours of work. The success that has accompanied this attempt makes our candidate worthy of another term in the White House."

Dorothy Sarver, junior, says: "I am supporting Mr. Landon because the present administration is accumulating a debt for which I am not responsible and which I do not want to pay. I hope Mr. Landon will balance the budget."

Archie King, senior committee member for the Young Republican Club says: "I don't believe in mortgaging the future. I'm tired of such expensive experiments."

Robert Schuck, sophomore, Chairman of the Young Roosevelt Club: "I believe the principles of the Democratic party are more conducive to the general welfare of the country; Roosevelt upholds those principles."

Anna Mae Kelbaugh, junior, Democrat: "I am supporting Mr. Roosevelt for his ability as a leader and as a man of action. He has not met my approval in every case but there is no reason to believe that Landon would do any better."

Donald Maglott, sophomore, member of Young Republican Club: "I think it is costing too much to run the government. Give me Landon and sound Republican principles. If Landon can economize as a governor, why not as president of the United States?"

Says James Dunipace, junior: "Roosevelt gets to the bottom of things instead of skimming over the top."

"Frankly," says Harold Frum, sophomore, "I am on the fence at the present time. I believe strongly in many of the social aspects of the Roosevelt program, yet on the other hand, I am appalled by the expense and by the vast political machine that Farley has built up. I believe that Landon would conduct an economical administration, yet I am not certain that he would carry to completion the best features of the New Deal. I am still looking for light."

Jack—"I called on Mabel last night and I wasn't any more than inside the door before her mother asked me my intentions."

John—"That must have been very embarrassing."

Jack—"Yes, but that's not the worst of it. Mabel called from upstairs and said 'That isn't the one, Mother.'"

Fifi—"Are you goin' to be busy tonight?"

Gaby—"I dunno. This is my first date with the new boy friend."

Halloween Party

Haven't you always wished to attend a party in the clothes in which you feel comfortable? Quill Type is giving you this opportunity by sponsoring a Hallowe'en Party, the admittance to which requires everyone to be masked and to have their activity books. You can not enjoy this party and dance unless you do come dressed for the occasion, as this party includes games, and contests.

So everyone come—either in old clothes and masked or in costume. These costumes and old clothes are for your benefit. You can go to all of the other dances in your best clothes, but to this Hallowe'en Party these will be no admittance for those not masked.

(This all-college Hallowe'en Party will begin at 8:30 P. M., Friday evening, Oct. 30, in the Men's Gym. The Quill Type club invites all college students and faculty members.)

Three grand costume prizes will be given: (1) Best and most original costume; (2) the most representative of hard times and (3) the funniest. Fortune telling, apple-bobbing and all of the other Hallowe'en games will be included in the entertainment. There will be plenty of refreshments for all.

Y. W. C. A. POLL

The Y. W. C. A. in a poll of the student opinion taken by secret ballot at the Y. M. meeting Thursday evening, showed sixty opinions of the sixty votes cast recommended that the citizens use their legal right as voters to abolish the liquor selling business from the city.

According to the poll the students considered the liquor traffic, as carried on in Bowling Green, a serious detriment to the University's future. It was the belief also that parents would prefer to send their sons and daughters to a college situated in a "dry" town.

Although we as students of the University do not have the privilege to vote on the local option, Nov. 3, the manner and decision of this question affects the students and the future of our Bowling Green State University.

WESTMINSTER

"Making Personal Adjustments" will be the topic at the Westminster Club next Sunday evening. Miss Eleanor Briner will be the leader of a discussion.

The student-led meetings have been of great interest and have met with an excellent response. Donald Barnes led a helpful meeting last Sunday in which there was a scintillating cross-fire of viewpoints on the subject, "How Can I Find My Place in the New Society?"

Eternal Feminine

Who from the green tree plucked our woe

"Coquetry, grief, and jealousy", As the old play says—better be Sin-pricked, you thought, Than not to know!

Auntie—"When I was your age I never went anywhere with a boy."

Dora—"Gee, Auntie, you're just what these cheap skates are looking for."

ANNOUNCEMENTS

Thursday, Oct. 22—Y. M. C. A. at 7:00 P. M.

Friday, Oct. 23—Campus dance, Las Amigas Sorority at 8:30.

Saturday, Oct. 24—Skol Sport Dance, 8:30.

Kent vs B. G. football at 2:30

Case vs. B. G., cross country between halves of the game.

Monday, Oct. 26—Men's Glee Club at 4:00 P. M.

Orchestra—7:00 P. M.

B. G. News Staff, 8:00 P. M.

Tuesday, Oct. 27—Treble Clef Club, 4:00 P. M.

Sorority and Fraternities meet at 7:00 P. M.

Wednesday, Oct. 28—Assembly 10:00 A. M.

Friday, Oct. 30—Hallowe'en All-Campus Costume Dance by Quill Type Club.

Monday, Nov. 2—Organization Day (meeting of officers of all organizations.)

Saturday, Nov. 7—Intercollegiate Sports Day, W. A. A.

K-P INTERMEDIATE

Last week the Kindergarten-Primary and Intermediate Clubs held their first meeting of the year. It was a joint meeting held in Gym T. There were over two hundred present. The program included short talks by Miss Pickett and Miss Billings, President of the Intermediate and K. P. Clubs, respectively. Dr. Hoppes introduced the faculty of the Training School and Miss Marvline Day introduced those from Ridge St. School. All the members of both faculties were present. Later there were games, music and dancing. Cider and doughnuts were served. The committee in charge included: Miss Pickett, Miss Billings, Miss Wechel, Miss Gay, Miss Rader, and Miss Mounts.

QUILL TYPE

The regular meeting of the Quill Type club was held on Wednesday evening, Oct. 14, in the Practical Arts building.

Mr. Jansen was a guest speaker, explaining the plans for the All-College, Old-Fashioned, Hallowe'en Party to be held Friday evening, Oct. 30. All committees have been appointed to make the party a big success.

Plans were also discussed for the annual Quill-Type homecoming luncheon to be held on Saturday, Nov. 14.

The program included talks by Mr. Johnson, who gave samples of candy, and by Miss Ogle who talked on her trip to the Scandinavian countries. Mr. Cramer furnished the music for the program. Miss Ogle and Miss Showalter also gave talks.

The next meeting will be held Oct. 28 at 7:30 P. M.

Last warning! Don't forget those costumes are required along with activity books for admittance to the Hallowe'en Party. There will be prizes for costumes, games, and contests. Everyone come to help Quill Type make the occasion a gala affair.

LOST

Grey suede jacket in room 300 P. E. Bldg. Friday a. m. Return to James Zechman, Delhi House—

REWARD

FRATERNITY - - SORORITY

Delhi Dope

Each week-end finds some more of our Delhi graduates dropping in at the 244 N. Prospect address. The second week-end of October saw Carl McCulloch, Walter Barnes, Junior Riggle, Bob Ruth, and Orville Decker around the House once again. Al Lynn and his wife were at our dinner table last Saturday noon. Later the same p. m. Bud Shaffer said a "hello" to the present residents. These little informal reunions are of a nature that cultivate life-time friendships, which in itself means a lot—and we are more than a little glad to see the former residents come back to call on us.

The Delhi's are well represented on the varsity football squad this fall with the following boys seeing a lot of action out there on the gridiron: Capt. James Inman, Dale Kuhlman, Harlan Kinney, Dan Clingaman, Pharon Heckler, Tom Thatcher, one of our neophytes, is also holding his own in ample style. We are always glad to compliment the entire squad for good playing and team work and that goes double for you Delhi's.

COMMONERS

Somehow or other the boys about the house seem to be very studious here-of-late. We think the six weeks tests coming on have more previous effects than they should. We dignified upper classmen habitually break the monotony of a long evening of study with ice cream bars about 9:30. If any of you folks happen to want any, just call either Frosh Carl Rupp or Frosh Louis Panning, who are always at your service with a smile.

The politics around here are quite complicated to be sure. The Commoner German Band, composed of 5 Republicans, played with the utmost ardor and zeal for a Democratic rally Monday night.

YE OLDE FIVE BROS.

Last Tuesday night, the Five Brothers met with this semester's neophytes in attendance. Plans were made for homecoming, and the neophytes were given instructions regarding the first degree. Tuffy Henderlich gave Steve Penton an exclusive preview of what is to come. Our fine body of neophytes is composed of the following men: Avery, Dud; Briess; Barnes, Don; Cordisco, Pat; Frank, Bill; Hagemeyer, Dick; Knaggs, Ken; Knaggs, Lewis; Mayhew; Newlove; Harvey; Penton, Steve; Rower, Dick; Simiski, Eddie; Stratton, John, and Wodzinski, Mitch.

Reporter: To what do you attribute your old age?

Seven Sister Scribbles

Last Tuesday night the sorority entertained a group of the Freshmen women at a weiner roast. The group met at the sorority house, and then kicked out to the Urschel home near the university. Everyone enjoyed roasting weiners over the outdoor oven. Later in the evening all took part in a sing. It's been a pleasure to meet all these girls, and we hope they'll all come to visit us again soon.

Margaret Foster, one of the members of the Beta Chapter of the sorority, spent the week-end at the sorority house.

Three Kay Kapers

This past week-end has been complete in all manner of things. The dance Friday night, including the novel arrangement of the floor and the decorations, together with the splendid game Saturday, all go to make us proud of our good old B. G. U.

Janet Ronk, who is taking up nursing in Toledo, was down to see us this week-end. We're glad to hear how much you're enjoying your work Janet, and hope you continue to do so.

Our sorority alumni have been forming a number of new chapters in surrounding cities. We're pleased to learn of this fact, and we hope that the good work will continue.

Five Sister Flashes

News is rather scarce this week since six weeks tests have put all the hussies into their most serious off-in-a-corner moods. Donald Duck reports the house to be unusually quiet.

By the way, have you met Donny, the latest sorority mascot? Come up an see 'im sometime. If he's not perched on the piano hunt up Harriet and see where she hid him. Donny says that next week he's going to start giving you some very personal sideglances at the house inmates. And how Donald can talk when he's started!

SKOL SKROLS

Here we are again after a very busy week. We have a report of our recent game for you. B. G. S. U. took another game Saturday. Keep on team, the Skols will stay on your side.

The Skol players are all busy preparing plans for our alumnae. We hope to see a lot of our sister players Homecoming. Let us all work hard to show them a grand time. Remember that will be our "big week-end."

Visitor—"They tell me you are a trusty, what were you before you were sent here?"

Convict—"I was a trustee, mum."

SIGMA TAU DELTA

New English Honorary Society Chooses Pledges

On April 10, 1936, our college was granted a chapter of the Sigma Tau Delta, honorary English fraternity. This fraternity was founded in 1925 for the purpose of promoting the mastery of written expression, encouraging worthwhile reading, and fostering a spirit of fellowship among men and women specializing in English.

At present our chapter, Kappa Delta, has eight honorary members including Dr. H. B. Williams, Dr. Gay Allen, Dr. Harold Rose, Prof. J. W. Carmichael, Miss Harriet Hayward, Miss Grace Durrin, Miss Gladys Burling and Dr. Rea McCain, who is also the faculty sponsor. There are six active members and eight pledges, who will be initiated tonight at seven o'clock at the home of Dr. McCain. These pledges are Betty Boyer, Philip Zaugg, Valeska Lambertus, Loyal Gryting, Jeanette Haas, Archie King, Mary Louise Lane and Martha Machan.

Membership is gained by invitation which may be extended to those people who meet all of the following qualifications:

1. Membership in junior or senior class.
2. Major or minor in English, or special distinction in the literary field.
3. Completion of two courses in English in addition to Freshman courses.
4. 3.00 average in Freshman English.
5. 2.75 average in all English courses.
6. 2.25 average in all college work.

We should feel that the establishment of a chapter on our campus, of such a honorary fraternity is another step in that growth of which we are so justly proud.

DORMITORIES

Dean Dorm

Dean Dorm was quite deserted last week-end when all but three of our fourteen girls went home. Boys, can't you make it worth their while to stay? Arlene did stay over until Saturday noon; you set a good example for the boys, Nick!

We wish to take this opportunity to thank the Heinz factory for our interesting and instructive visit through their factory.

Elvina Miller, of Luckey, Helen Jacobs, of Bellevue, and Dorces England, of Carey, were here this week-end. Welcome, girls, we are always glad to meet former Dean Dorm dwellers.

Elnora Walther, of Hamler, was also here to visit recently. We are looking forward to Homecoming when we expect many more to visit us.

Miss West Entertains

Tuesday, Oct. 13, Miss Neva West entertained the mothers of the Kindergarten pupils at tea. The room was very appropriately decorated with fall leaves and chrysanthemums. On the tea table were tall yellow candles. Miss Simmons, the first grade teacher, poured. Miss West was assisted by her student teachers. Dr. Hoppes welcomed the mothers to the Training School and explained to them the importance of the Kindergarten to the elementary school. Miss West then talked to the group on the aims and methods of kindergarten and the ways in which the mothers could co-operate with the teachers. There were nineteen mothers present. In addition, the rest of the faculty of the Training School were present.

MYRNA LOY in
"LIBELED LADY"

Williams Hall

Gosh, the old "dorm" was kinda deserted this week-end. Over half the "inmates" trudged home again. But we sure had our share of excitement during the last two weeks. All that screaming you heard was Angeline Knight and Esta Hatcher when they entered their rooms and found "themselves" in bed—one was even clasping her beloved's picture. No, it wasn't a hangover or a nightmare, it was dummies!!! Who made them?? I'll never tell.

If you get time, ask Grayce Seig what her most embarrassing moment is and ask Betty and Dorothy why they were in such a rush to get through waiting table.

I almost forgot, we are going to have a kitchenette installed in the annex. Won't that be grand? Think of the popcorn, fudge, and taffy-pulls we'll have. You can share them Friday and Saturday nights to; don't forget.

LAS AMIGAS

The Las Amigas Sorority has completed its plans for an All-Campus Dance which is to be held on Friday night, Oct. 23. See you all at the dance. So long until next week.

We've got the lubrication equipment
and you've got the car.

SPORT EVENTS

New Rules To Govern Intramurals FIRST SERIES

An extensive program of intramural sports, now in the formative stage, will be inaugurated in the near future. The need for every student who wishes to participate in that program to become familiar with the rules governing it cannot be over-emphasized. Beginning this week, this column will furnish in a series of installments the entire body of rules. It is urged that those who contemplate participation in the intramural program save each installment. *Rules for Intramural Sports:*

Personal Responsibility
Each individual participating in Intramurals is responsible for his own eligibility. If he is in doubt as to his own standing, it is his responsibility to see that the Intramural Department obtains a definite ruling on his case. The intramural office cannot be responsible for checking up on the eligibility of all men playing on the various teams. However, any player whose eligibility is questioned will be checked up. Team managers should check up on the eligibility of their opponents and report any infraction of the rules to the intramural office.

B. G. Runners Outdistance Detroit

The Bowling Green cross country team won its first meet of the season by defeating Detroit Tech on the local course Wednesday afternoon. Tech, coming here a month early, due to a mixup of schedule, found itself unable to match the pace set by Don McCrory of B. G., who set the pace and took first place. Herrera, of Tech, took second place while Glover and Frank of B. G. finished in a tie for third. Rozelle and Mayhew were the other members of the squad who placed to help the Falcon team to win. The score was B. G. 25 and Tech 30.

Friday afternoon the squad took a licking from the cross country team of Muskingum college on the local course.

FALCON ELEVEN READY FOR KENT STATE AFTER TROUNCING WITTENBERG 13-0

WHEAT and CHAFF

Boston University will, for the first time in its history, require first year men students to live in dormitories this year—Matt Dotson is one of the few students who has a niece enrolled here also—Thomas Jefferson was the first man to use the term "Americanism," he also coined the words "Anglomania" and "Anglophobia". John Jay coined "Americanize" the same year, 1797—James Baltz proved to be the champion campaigner of the freshman class. Did you see his cards posted in conspicuous places? He got results too—When Cornwallis surrendered to Washington at Yorktown, the Colonial Army band played "The World Upside Down", quite appropriate music for such an occasion—One of our feminine students bistled up recently and told Karl Karg he was conceited. What a brave lass!—G. Washington, "first in war", etc. was also the first to use the English noun "average" as a verb—We learn from reliable sources that the girls at 114 N. Enterprise can bake excellent cake—E. M. Butler, of the drugstore, knows more about college students than you think; he put two youngsters through this mill—Someone complains that student assistants at the library get dumber with the passing years. We hope they read this column—Fort Jefferson, at the tip of Florida and prison of Dr. Mudd who dressed John Wilkes Booth's broken leg, is the largest piece of unfortified masonry Uncle Sam possesses—There will soon be much weeping and gnashing of teeth, six weeks grades are almost due—McCrory and Myers are the champion optimists of the campus, if you don't believe it take a good look at the model T Fords they drive.

B. G. To Avenge 40-0 Defeat of Last Year

WEAK POINTS ARE TO BE IRONED OUT IN DRILL

Fans Expect Hot Con- test Saturday

The Falcons, back from a successful trip to Springfield Saturday where they downed Wittenberg, turn their attention to the coming game with Kent State on Saturday afternoon.

In some of the players' minds there is that 40 to 0 pasting Kent hung on B. G. last fall and that must be wiped out. For the first time in the relationship was Kent able to beat BG. Now, that defeat must be avenged.

The gridders will drill this week to iron out the weak spots and to perfect their offensive attack and build up a tight defense. Kent U, which is Bowling Green's sister school, must be defeated to keep the Falcons in the thick of the conference race.

The boys have shown decided improvement in each game and we are counting on the Ockerman-coached team to upset the Golden Flashes Saturday.

"Ah," said the customs officer, finding a bottle of White Horse, "I thought you said there were only clothes in that trunk."

"Aye, that's ma nigat cap."

FALCON CLOSEUPS

by "Moon"

Again the favored team was toppled as Wittenberg lost to Bowling Green . . . Incidentally the Falcons are getting to be good at upsetting the dope bucket . . . Ypsilanti was supposed to defeat B. G. by three touchdowns . . . A scout from Wayne U. in Detroit was witnessing the B. G.-Ypsilanti game, getting information about the Ypsilanti team . . . Dale Kuhlman, junior halfback, is again out in football togs after a week rest due to an injured elbow . . . Wayne Stewart has an injured shoulder that keeps him from engaging in lively scrimmages . . . Steve Penton has had an injured leg hindering his practice . . . Pat Cordisco, out for several weeks due to injuries, is again out practicing. Glad to see you back, Pat . . . Others who have been registered on the injured list are Wodzinski, Kinney, Bortel, Cheetwood and a few more . . . It looks like football will zoom to new heights in B. G. within a few years, if future Frosh squads are of the same quality as the present one . . . We notice that the Falcon basketball team will open a 15-game schedule Dec. 12 by playing the Bluffton Beavers on the home court . . . Seven games are carded for the home court.
